EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Fitzpatrick on June 14, 2006. The purpose of the examiner's amendment was to place the application in condition for allowance by adding additional claim language.

The application has been amended as follows:

IN THE CLAIM:

In claim 1: In line 6, - - an engaging member that resiliently engages- - has been changed to "an engaging member disposed on the ribbon take-up spool that resiliently engages".

2. The following is an examiner's statement of reasons for allowance: Regarding claim 1, the prior art does not teach or render obvious a ribbon cassette comprising an engaging member disposed on the ribbon take-up spool that resiliently engages with the engaging portion to prevent the ribbon take-up spool from rotating in a second rotation direction opposite to the first rotation direction, the engaging member coming off from the engaging portion when the ribbon take up spool rotates in the first direction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
